Dear Dr. Newman,

Thank you very much for your kind letter of July 16. In reply to it, it is my pleasure that I will be able to attend it. I will present a paper, but I will inform you of its title later. Unless you could raise surplus money, I will manage my trip fund by myself.

Apart from the above, I am heartily grateful to you for your extraordinary kindness and generosity bestowed on my sister-in-law and her husband. Though short, it was most enjoyable days for them in their life. Please give my heartiest thanks to Mrs. Stephens, whom I could see so frequently in the photographs taken by them.

With personal warm regards,

Yours sincerely,

  
Setsuro Ebashi  
President
